MILEY CYRUS

Miley's dad, Robby Ray, is kinda cool. Her mom died so he is a single parent and also Hannah's career manager. He's proud of his kids and is always there to give them advice - and sometimes sing them a country song too. Aww!

Miley's best bud, Lilly, is a down-to-earth Californian sk8er. Her alter ego when she goes out with Hannah is Lola Luftnagle and she always changes the color of her wig. Cool!

Nicknamed 'Smokin' Oken', Oliver is good pals with Miley and Lilly - and has to suffer much teasing from the pair. He is very protective of his one chest hair!

Miley's older brother, Jackson, is such a goofball! He is silly, crazy and loves a good laugh. He doesn't have much luck with the ladies but maybe that's because he tries too hard.

A rockin' pop star, Hannah has tons of fans. By day, she's Miley Stewart, but once she puts on her wig, there's no stopping this cool and talented girl from singing her heart out on stage.

IT'S NOT PIE!!
IT'S A FACIAL MASK ... PIE!

HEY, LILLY
GUESS WHO?

How far would you go to keep a secret from your best friend? Would you stick your face in a pie like Miley did when Lilly went to get Hannah's autograph?

SOME THINGS ARE JUST TOO BIG

TO KEEP FROM YOUR BEST FRIENDS!

**...INCLUDING

IDENTITIES!**

**Hannah let her secret out of the bag and
her buddy fainted in shock! Yikes!**

Okay, that
went well!

GUESS WHO?

**Oh, no! Looks like these three guys have
a problem staying upright! Can you figure out
who is lying under the question mark?**

Solution: 2

TEST YOUR BEST FRIEND

**You've just found out that your best bud was
invited to a party — and you weren't! Take a
look at what your friend might do in this sticky
situation, then look at the answers below to find
out how solid your friendship really is — and
what you may want to do in response!**

- 1** She goes to the party, of course. Just because you're not cool enough to get an invite doesn't mean she should miss out on all the fun.
- 2** She asks the hosts of the party if you are allowed to tag along with her. If they say yes, cool. If they say no, she goes along anyway without you. Hey, at least she tried.
- 3** She throws her own party on the same night, inviting everyone who would be at the original bash. She leaves one person off the guest list. Guess who?
- 4** She doesn't go to the party but instead stays in with you to gossip about your latest crushes, paint each others' nails and eat loads of ice cream. Who needs a party?

ANSWERS:

- 1** : Swap her for a new best friend.
- 2** : She's still a friend, but take her off speed dial.
- 3** : She's got your back, but don't ever mess with her.
- 4** : Hug her! She's a real BFF!

Talk about talent!

A lot of people can sing or act or write songs – but how many people can do all three incredibly well (and keep up with high school homework)?

Miley Cyrus, the super-talented and super-nice star of 'Hannah Montana' is one! We recently had a chance to talk to Miley (lucky us!), so we asked all the questions that we knew you would want answered!

HI MILEY! Tell us which song always makes you want to get up and dance.

Rock on, people!

CHAT WITH MILEY!

Probably "Just Like You" because it has an edge to it. And it just shows that a rock star is just like an average girl. It makes me feel really good that everyone is just like everyone else.

Who gets the best fan mail, Miley Cyrus, Miley Stewart or Hannah Montana?

Miley Cyrus gets a lot of mail, but then again, Hannah Montana gets a lot of comments about her songs and stuff. So it's kind of equal. Fans will send Hannah their favorite lines from her songs. It's cool to know what people like! And sometimes people send a picture and a letter to Miley Stewart, and say, "Can you give this to Hannah Montana for me?"

What's the best and worst thing about working with your dad?

The worst thing is when we're driving in the car. He talks about the most random things I've ever heard in my life, and he plays the most random music. I have no idea what it is. I'm like, "Yeah, Dad. That's great. Okay." So, that's the worst thing. And the best thing is sharing this journey with my dad and just getting to hang out with my dad all day. It's a lot of fun.

Is it easy or difficult to play two different roles?

It's kind of hard because I'll be in the middle of the scene and I'm like, "Who am I? Who am I supposed to be? Who was thinking what," you know? And sometimes that's kind of crazy. But it's really fun.

How do you manage to act, go to school and answer questions in situations like this?

It's hard to balance everything being a teenager. When you're performing, you have to be really loud and run around and be crazy.

Then you have to go to school and sit there and focus. It's kind of hard to sit still.

And what do you do when you get free time?

Mostly when I'm home, I just like to write songs and play my guitar, hang out with my little sister and my family.

Thanks, Miley! It was fun chatting with you!

CHECK IT OUT

Can you keep a secret?

CHECK IT OUT!

Like Lilly, you have just found out that your best friend has a secret life. Her BFF may be a rock star, but yours is a supermodel. Do you:

- A** Jump up and down, clapping your hands, and screeching at the top of your voice so anyone within 20 miles can hear?
- B** Give her a hug and ask: "Cool, can you lend me your awesome clothes?"
- C** Shrug and walk off.

One of your friends is wearing the coolest scarf, just like Hannah would wear. You ask her where it's from and she says: "It's a fake from a cheap shop, but I'm telling everyone it's designer." What do you reply?

- A** "Wow, what a good idea – I bet no one will figure out your scarf is a fake," just as the bell stops ringing and the corridor is filled with dozens of listening ears.
- B** "Your secret's safe with me. Can I borrow it sometime?"
- C** "Whatever."

Your friend is totally crushing on the new guy in school because he's just sooo dreamy. She has told you she likes him. What's your next move?

- A** Giggle uncontrollably every time he walks past, making smooching noises in your friend's direction so that he can't fail to notice your friend's bright-red face.
- B** Grab your notebook and work out their love percentage. Well, you don't want her to waste her time on someone who scores low, do you?
- C** Tell her that he is actually rude and she should be going out with a nice guy.

Your dad said he is planning a surprise birthday party for your mom. Do you:

- A** Ask your mom to drive you to the party shop to pick up streamers, balloons and Happy 40th Birthday banners. What? She'd never guess...
- B** You tell your dad you will help in any way to make it the best party ever... and you'll even make sure your mom gets to the venue on time.

- C** Tell him he'll never pull it off and he shouldn't waste his time. Just buy her a piece of jewelry instead – she'd prefer that anyway.

You've just seen your little brother accidentally drop his bowl of chocolate ice-cream on the new beige carpet that your parents have told you to be careful around. What would you do next?

- A** Freak out, saying: "Mom and Dad are gonna kill us!" You storm into the kitchen to find a cloth and make so much noise banging cupboards that both parents come running to see what all the fuss is about.
- B** You help him clean it up and offer to say that you did it if your parents notice a stain. He is your baby brother, after all.

- C** Tell him to clean it up immediately, and while he's at it, could he vacuum your bedroom too?

COUNT HOW MANY A'S, B'S AND C'S YOU SCORED. THEN CHECK BELOW TO SEE IF YOU ARE A BLABBERMOUTH.

Mostly A's

Take a chill pill, girlfriend. No one's secret is safe with you. No matter how much you want to keep your big mouth shut, you just can't seem to manage it. People love your enthusiasm and want to include you in their circle of trust, but they are scared you'll let the cat out of the bag with comments like: "Take, Hannah thinks your hair looks cute with a capital C... tops, did I just say that?"

Mostly B's

You are a true friend. You can be trusted with secrets and you won't get jealous if your friend's secret is way cooler than yours. Keeping your best friend is soooo much more important than keeping the gossip-hounds fed. And because you can be so well trusted, everyone wants to confide in you. In fact, you're keeping so much information to yourself, you may have to buy a PDA to keep it all organized!

Mostly C's

Girl, can you keep a secret? In fact, the last time you spread some gossip was... oh yeah, never! You are a quiet person and don't think it's right to talk about other people behind their backs. You won't stress anything up to save someone's feelings – if someone asks what you think, you make darn sure you tell them the truth. You're not lying, just honest. And your friends often thank you for it.

STYLing

BUTTERFLY JACKET

1. Remove the butterfly stencil from the central cardboard.
2. Put it on the back of the jacket.
3. Using fabric paint (available from arts-and-crafts shops), lightly paint over the stencil until you are happy with the coverage. **Tip: test the paint first on similar fabric to make sure you like the color.**
4. Once the paint has dried, carefully remove the stencil.
5. Either iron on* the rhinestones (following their instructions) or use fabric glue (depending on the type you have).
6. Using liquid paint and a brush, write 'Secret Star' (or whatever you want) up the sleeve.

so easy...

... so unique! Just follow these simple steps and go from dull to dazzling quicker than you can say: "Hannah, pleecease can I borrow your jeans?"

FUNKY T-SHIRT

1. Iron on* rhinestones will be best. Using the gems, copy the guitar from the previous page onto the transfer material.
2. Place it on your T-shirt and follow the instructions you get with the rhinestones to iron it onto the fabric.
3. Use an iron-on star transfer next to the guitar.

BLING BELT

1. Using a liquid-paint pen, write 'Secret Star' using small dots.
TIP: pencil them on the material first so you have a guide.
2. Cut out the Hannah Montana disc from the previous page and get it laminated (do this at a copy shop). Glue rhinestones around the edge.
3. Stick the disc to the front of the belt with strong glue.

* Ask a grownup for help!

TIP

When you dress up for a party or a date, put some loud music on to get into the right mood. How about 'We Got the Party' before going dancing and 'One In a Million' before going on a date?

Styling SECRET

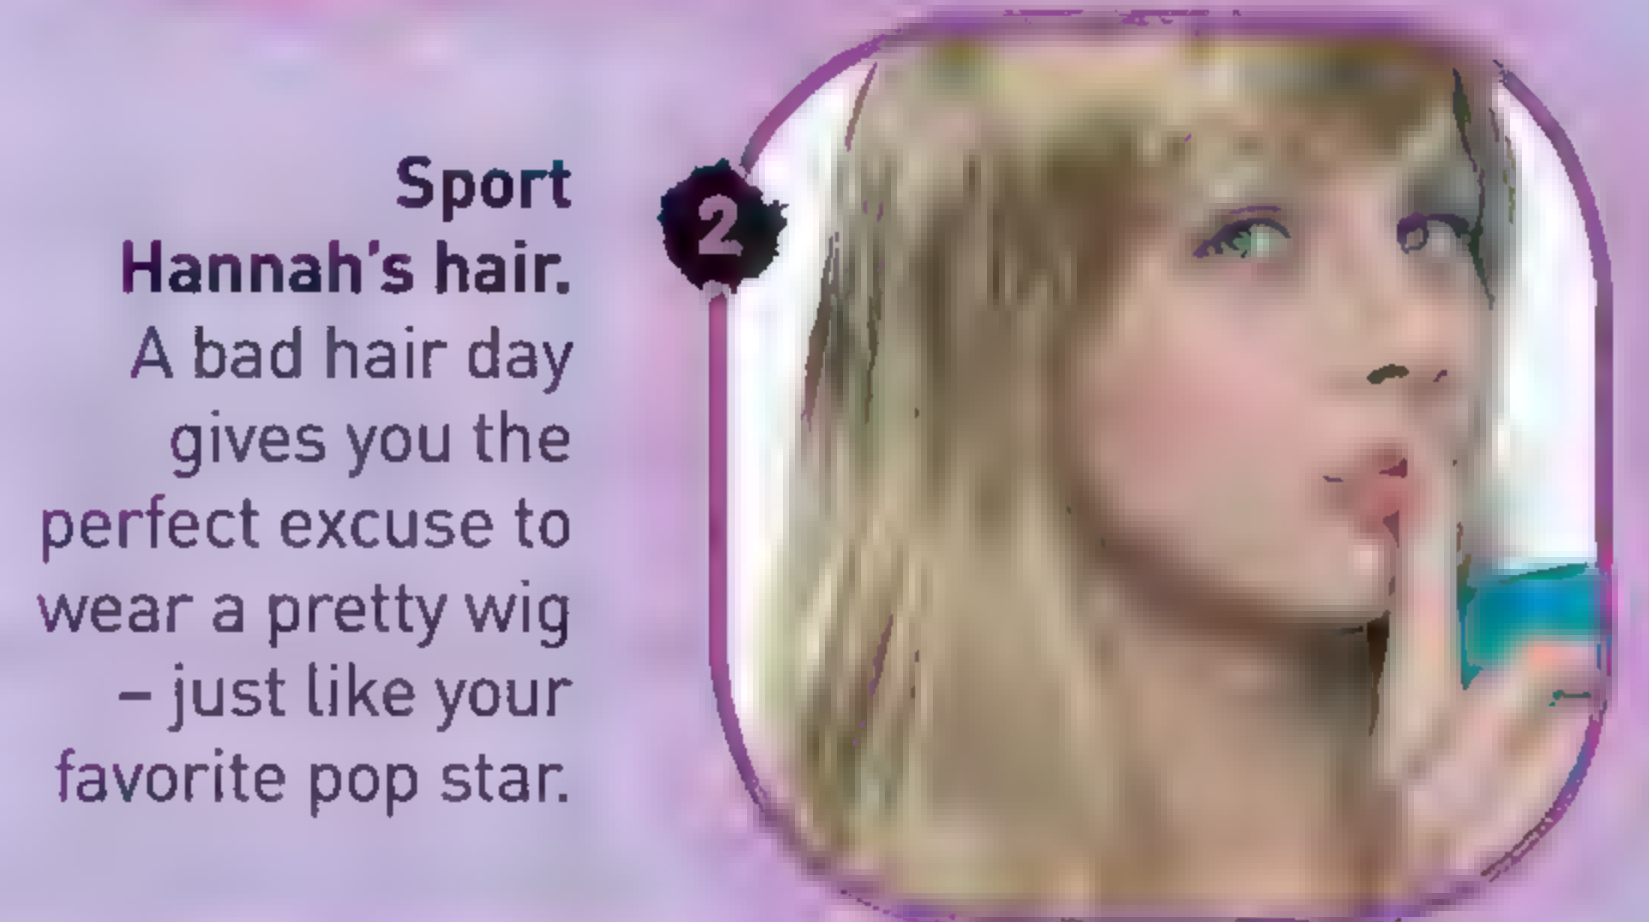

EEK!
I NEED TO GET A (HAIR) GRIP!

Having a bad hair day?

Ever got up in the morning and wish you could wear a paper bag over your head all day? Well, now you don't have to with these handy (and sometimes silly!) hints...

1 **Cover your hair completely with a stylish cap.** Unless people have x-ray vision, they won't be able to see the bird's nest you are hiding.

2 **Sport Hannah's hair.** A bad hair day gives you the perfect excuse to wear a pretty wig – just like your favorite pop star.

3 **Make it worse.** Everyone'll think you're trying out a hip new style. If you sound like you mean it, pretty soon everybody will be copying you!

Natural Star POINTS 6-18

You prefer the simple things in life and are not impressed by glitz and glamour. In fact, a perfect night for you would be watching a movie in your PJs, eating popcorn, and hanging out with your best friend and your dog. You're very loyal and people can count on you to listen when they have a problem. You're caring, honest and reliable – you go, girl!

Funny Star POINTS 19-28

If you see someone sad, you'll do whatever you can to make them crack a smile – even if you make yourself look like a dork. You act like a tomboy at times, but also have a more girly side. You hate sopiness and if a boy tried to give you a rose, you'd put him in a headlock and tell him to take you to a concert instead. Rock on, sister!

Shining Star POINTS 29-38

You love pink, glitter, smooching boys and all things romantic. You also love a good party and are the first on the dance floor when your fave Hannah Montana tune starts up. You always like to look your best and won't leave the house without your lip gloss. Mwah!

Super Star POINTS 39-48

You are a natural-born entertainer. You see a stage, you want to jump on it; you see a microphone, you want to sing into it. In fact, if you're not the center of attention, you'll do everything in your power to make sure the spotlight turns your way — fast! People love you for it and invite you to every social occasion because they know you'll liven up even the most snooze-worthy event.

HOW TO TELL IF YOU ARE CRUSHING ON A GUY

- You can't think of a single funny or clever thing to say when he's around.
- Every time you see him, you get a funny feeling in your stomach – like butterflies.
- You imagine going with him to the high school football game, the movies, the beach – anywhere, really, as long as you're together.
- You practice saying (or writing) your first name together with his last name.
- You are too excited to go to bed because he's always on your mind.

SECRET

Your friend promised:

"Trust me, I won't tell anyone!" when you told her a secret. Then followed it up the next day with: "Oops, it slipped out, I didn't mean to tell." Grrr! But luckily not every zodiac sign is at risk of wild gossiping. Check out our guide to those who can be trusted and others that you should avoid like side-ponytails when it comes to your precious secrets.

WHO WILL SPILL THE BEANS AND THEIR LIPS SEALED?

Sagittarius

November 23 - December 22

Miley Cyrus was born November 23

which makes her a Sagittarius.

Sagittarians believe that keeping secrets to themselves is selfish. They even chatter in their sleep and can't bear to think that someone is missing out on a juicy piece of information.

TIP

When you make a new friend, find out their star sign to see if you should let them in on your secrets!

WHO DO YOU TRUST?

MAKE A LIST OF THE FRIENDS YOU'D TRUST WITH YOUR DEEPEST SECRETS.

(THEY'RE THE ONES WHO HAVE NEVER BLABBED IN THE PAST!) WRITE EACH ONE A NOTE TO LET THEM KNOW HOW MUCH YOU APPRECIATE THEIR TRUE-BLUE NATURE. AND BE SURE TO KEEP THEIR SECRETS — YOU WANT TO BE SUPER-TRUSTWORTHY, TOO!

Horoscope

WHO WILL KEEP

Capricorn

December 23 - January 19

People under this sign will collect and store all kinds of secrets - but won't utter a word out loud. They are serious and reliable and can be trusted not to blow your cover.

Aquarius

January 20 - February 19

This person can be your best friend in the morning, and someone else's best friend in the afternoon. That's cool — as long as you don't tell them something you don't want the latest BFF to hear!

Pisces

February 20 - March 20

These born-worriers are so busy having their own friendship problems and sharing them with anyone crossing their path that they have no spare time to bother with anyone else's drama.

Libra

March 21 - April 20

Those under this sign do not listen to gossip, especially about people they like. If you tell them a secret, they'll probably have forgotten what it was before the end of lunch, anyway.

Taurus

April 21 - May 21

For a Taurus to be happy, all their friends must be getting along well. As soon as they sense something hidden, they start asking what it's all about. They will only stop when everyone's secrets are out in the open.

Gemini

May 22 - June 22

You can tell them a bunch of stuff and soon at least 10 new versions of the stories will be all over school. Their imaginations run wild, giving everyone a good laugh.

Cancer

June 23 - July 23

People born under this sign are imaginative and inventive. They're so busy making up fictional stories (check out that novel they're writing!) that they don't have time to gossip about you!

Leo

July 24 - August 23

Leos think that their own secrets are the most important, so don't bother with other people's. In their eyes, they are just not worth talking about.

Virgo

August 24 - September 23

Virgos don't like to be unsure of anything so they will try to find out the truth behind every secret. This could embarrass the people who are trying to keep the story quiet. But for Virgos, it's more important to know how things really are.

Libra

September 24 - October 23

A Libra can't sit back and watch people get in trouble for things that weren't their fault. So, in the name of truth, they will always be honest and open with the news they have swirling around in their heads.

Scorpio

October 24 - November 22

Be warned: if you ever tell a Scorpio a secret, do so at your own risk because you never know what will slip out and to whom. Old friends can soon turn into new enemies.

Texting

In real life, the actors playing Lilly, Oliver and Miley say they are constantly texting each other and love having fun three-way conference calls. Hey, can we join in?!

OOPS! :-@ !stream!

You've just written a soppy text to your new crush telling him how dreamy you think he is... and sent it to your dad by mistake!

Now what? Either:

- 1) Ring your dad and tell him to delete that message before he reads it or you'll never forgive him.
- 2) Pretend it didn't happen and hope your dad will do the same.
- 3) Say to your dad: "That was a funny joke I played on you, right?" and hope he buys it!
- 4) Ask your dad if you can go away to boarding school for a year (by then your embarrassment might have faded!)
